Customer Reviews

School Zone Flash Cards offer a convenient way to drill basic skills. They also provide interesting and entertaining information.

Division 0-12 Flash Cards contain 104 problems ranging from $\frac{4}{2}$ to $\frac{144}{12}$. At the top of each card is a small-print answer to the problem on the reverse side. The Parent Card includes additional activities and games. Ages 8-12 56 Cards Dimensions 6.375x3.375in.

These helped my daughter with her division. She had the hardest time learning and would often forget. These REALLY helped her with her division. Oh, and I would highly recommend this product to any family on a budget.

My son has gone from uncomfortable in math to much more confident to math being a breeze. I'm certain these cards helped in that process. Big and easy to read. Durable for the most part. These are a solid buy.

helped my son with his division, it was great prepping him for his quizzes

Excellent! We made a game out of using these cards to help our son with the memorization and speed. He REALLY wants a dirt bike....he has to EARN the \$ to buy it....so, he gets \$1 for every 10 cards he gets correct! He got so excited and LOVES doing it! He has improved greatly very quickly and is finally MOTIVATED! He is working his way very quickly to getting that bike! LOL

Great cards!

At first I thought they were a little to big. But then I realised I could use them on the move with my kid. We could be outside walking somewhere, and at several meters distance and I could just 'flash' the cards at him. Good for getting a kid to learn and think while on the move. I now keep them close where I hang my jacket - so I can just put them in my pocket on the way out the door when we're off somewhere.

Don't let poor math aptitude divide YOUR classroom, get division flash cards and bring everyone up to speed!!If you are a parent, all of the math flash cards make wonderful gifts for your child's teacher to begin the school year. These cards take a beating each year.

These have helped my daughter who is in 3rd grade, a lot with her division facts.
