Great product, on time shipping.

\$76 for a book full of exercises -- okay. Not to mention the cost of the textbook on top of it. Keep this in mind; it costs less than a cent for a sheet of paper. Here, you're essentially paying \$0.23 per a page, and you probably won't make use of half of the book. Go pirate it, boys and girls.

Out of all the books I ordered, this one has taken the longest to come. Being that I am a college student, I feel that ordering a book over a week in advance should ensure that I have it when I need. Not having this has put me behind in assignments. I probably would not use this carrier again.

With the additional materials in the workbook, I was able to boost my learning of the German language. The actual textbook was the most valuable part of the package though.

Half the workbook was filled in by a previous user.

Great!

Super expensive for a workbook but it's in great shape and is easy to use for my German class.
