Reviews "immensely enjoyable" • ForeWord Clarion Reviews "for children who enjoy lingering over pages full of magical creatures and whimsical details [...] told in simple and engaging words and imaginative pictures."
• Kirkus Reviews "a fantastic book that has enchanted me" • Customer Review "We are in love with this book! [...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!"
• Customer Review "Written in a very simple way but with a profound message for both adults and kids."
• Customer Review "I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I STRONGLY suggest you check this book out!"
• ESLCarissa.blogspot.com "readers will emerge from this book feeling slightly more confident about themselves whatever their size."

Am I small? is the world's first World Children's Book - available for every country on earth in at least one official language.

This book is very basic, and focused pretty much exclusively on 'size' words, but overall it's a great bilingual book for children or learning adults. The art style is definitely weird, but there is lots of detail, and I really enjoyed the illustrations. I just wish it was longer!

I'm new to Italy and trying to learn along with my two year old. This book is a great break from flash cards and language apps. The art is excellent with tons of detail -- we find something new with each reading.

Darling book to help one understand differences in size. Although, I am an adult, it makes the words come alive for me....and it has darling illustrations

This is a cute children's book and the story is fun. I enjoy it as much as the kids.

This might be my 8 month old's favorite book! I speak Italian and I love reading her this simple story. I think at this age she likes the repetition and silly voices, but later she'll probably be more interested

in the very cute and intricate illustrations. Giusto! Esatto!

A fun little book to practice Italian. It can be used by all ages, especially to use reading young children a nighttime story.

This book helps the children with a difficult concept- all about perspective as well as introducing the concept in Italian. The children ask for this book if they have a choice. It's great!
