Customer Reviews

If you have elderly people that you love and they have ANY assets, you must read this book. My family was affected to the tune of about \$500,000 by this very corrupt system. And we are not uneducated or ignorant of estate law, but the county system cannot be stopped. They will turn everything against you--vulnerable adult department, lawyers, judges, social works and dozens of businesses established to take your money and not care for the vulnerable. All I can say is danger, danger, danger. Your life will never be the same if you encounter this system!

For the novice this is a good basic primer. But Joe doesn't come down hard enough on law enforcement. LE and it failure to enforce existing laws is a main cause of abusive guardianship.

My mother has been assigned an awful guardian, Nancy Doty of Nancy Doty, Inc in Portland, Oregon. She has consistently ignored my mother's prescribed healthcare needs, never visits, and knows exactly how far she can "walk the line" of the law. Nancy Doty knows there is nothing anyone will do to stop her and she takes advantage of her clients rather than helping them. Nancy Doty has over 100 clients that she is supposed to visit monthly - how can one person do that? She can't but she takes their money and let's them rot. My mother has been placed in a facility with fecal matter on the toilets on a consistent basis and Nancy Doty does nothing about it. Nancy Doty is incompetent to help the elderly and if you have a choice, never choose Nancy Doty for a guardian. There are many stories on the internet about her including one called "Guardian Gone Wild." Beware of Nancy Doty of Nancy Doty, Inc in Portland, Oregon.

I am pleased to endorse this booklet on behalf of NASGA "National Association to STOP Guardian Abuse. Guardian Angels, inc. very concisely tells it like it is: guardianship and conservatorship abuse is a thriving industry at the expense and to the detriment of our elder and adult disabled citizens and their families. This is a must read, especially for Boomers (the last generation of great wealth) now targeted by greedy guardians and unscrupulous attorneys who have lost their moral compass and bring dishonor and disgrace to their profession. Thank you, Mr. Roubicek, for this comprehensive review of "The Vile Business of Corrupt Guardianship".
