Beginner's Illustrated Guide To Gardening: Techniques To Help You Get Started

Synopsis

Beginner's Illustrated Guide to Gardening is a one-stop, easy to understand, beautifully designed book with step-by-step instructions and photographs for every important gardening and landscaping technique. New homeowners with no prior knowledge of landscape care will learn how to turn their yards from weedy, overgrown patches to gorgeous landscapes that are the envy of their neighbors. Young gardeners or new gardeners will learn - the right way - how to take care of everything from perennials to shrubs to their vegetable gardens, ensuring success the first time around. This is the one book that every gardener should have on their bookshelf.

step by step information for either the newly interested gardener or someone who has been gardening for years and wants to get new ideas

Very nice book. It is well written and illustrated. I'm new at gardening, and this is perfect

Wonderful reference book. Good purchase! :)

For a black thumb like me, this book is a lifesaver.

I recently purchased a home that has a yard, trees and lots of plant beds. Considering I'm moving from an apartment, this book is beyond helpful. It's easy to read and has great pictures. I'm so grateful to have a resource like this!

Bought this as a gift for my son and he loved it. As a beginner - it was very helpful. Great Gift!

Learned a lot about gardening. this has quickly become my go to book!

I'm new to gardening and thought this book had useful information. It's very basic but I think that was what I really needed, a good general foundation. I would recommend it for newbies like me.
