First German Reader For Beginners: Bilingual For Children And Parents (Graded German Readers For Children Book 1)

Synopsis

The book contains a beginner's course for children with parallel German-English translation. There are a few pictures and the first simple sentences in the first chapter. More pictures and vocabulary are added in the second and following chapters. They build up little stories, guiding a learner gently into the English language. The method ALARM (Approved Learning Automatic Remembering Method) utilizes natural human ability to remember words used in texts repeatedly and systematically. Audio tracks are available inclusive on www.lppbooks.com/German/FGRCP/

Customer Reviews

I believe that it is easier to learn a foreign language when one is very young, that is why I wanted my kids to learn German as soon as they could read by themselves. Since I don't speak the language myself I was not able to teach them, but learning it together proved to be great fun. I chose this book for two reasons. First, the images accompanying the texts make it more interesting

for kids and help them associate the words with the visual representation of their meaning. Second, the constant repetition of the same notions and grammatical structures makes it much easier to remember them and use them correctly. Unlike many other courses, this one lacks the formal presentation of the grammar rules, but I believe it offers the best approach for children; they are not required to memorize anything. All the phrases used are from common daily events, which make them much easier to remember. After going through it two times together with my 8 years old son, we can both carry on a little conversation. I think it is the perfect way to begin learning German.

I love this book. My son is learning German and he loves it.

Exactly what I was looking for. Easy & fast to learn new words and phrases. Well done, Elisabeth !!!! would suggest....an AUDIO system so one could hear the German pronunciations. I have to switch to another app to hear the German word. Another suggestion would be a cell phone app of your book(s).

Pretty simple but plenty of content . More of a childrens book but I still got some language re-inforcement out of it . Price friendly too.

This is a great book for a beginner.
