Just FYI, this has about fifteen pages in it and is definitely not worth the money. At least I didn't pay

for postage!

Small and not a very good purchase.

Nice little book.

Good book

There was not much to it for the price. It was just a few recipes and really not worth the cost.

I got this as a free e-book and found the recipes to be okay at best. There is not much original in here and I would much rather find recipes on pinterest.

This is a very "well done" cookbook. Easy to read and as per its name, a great cookbook for tailgating. There are many really good, easy to prepare recipes in this book. Thanks for book and opportunity to read, use and review it.

Not a lot of recipes for the money.
