Book by Kasparian, Alice Odian

omfsm, this is SO FABULOUS!!! There are no good video tutes for this technique (the one 8-part tute series begins very well but gets almost impossible to follow after about the 3rd or 4th video - which is really too bad ;-(

A dream book for this technique and full of history and instructions. Like being there and taking lessons.

Kasparian's Armenian Needlelace and Embroidery is a fine companion to Tashjian's Armenian Lace. Both works help to preserve the art of Armenian lace.

One might think because of the misplaced review here that this isn't a stellar book. But it is. It's a little expensive but see if you can track it down elsewhere or at least at the library. It's worth it--just a beautiful book.

Documentary book with excellent photos on old needlelaces (oya type) and give explanations on

basic stitches. Great book !

This book is written about Armenia Needle lace as well as a brief overview of Armenian history. Instructions are given for basic needlelace, specific pattern stitches along with patterns and pictures showing the finished lace work. Outstanding book on a very interesting ancient lace making method. Easy to understand, easy to follow.
