Stay Interesting: I Don't Always Tell Stories About My Life, But When I Do They're True And Amazing

Synopsis

What makes a life truly interesting? Is it the people you meet? The risks you take? The adventures you remember? Jonathan Goldsmith has many answers to that question. For years he was a struggling actor in New York and Los Angeles, with experiences that included competing for roles with Dustin Hoffman, getting shot by John Wayne, drinking with Tennessee Williams, and sailing the high seas with Fernando Lamas, never mind romancing many lovely ladies along the way. However, it wasn't all fun and games for Jonathan. Frustrated with his career, he left Hollywood for other adventures in business and life. But then, a fascinating opportunity came his way: "a chance to star in a new campaign for Dos Equis beer. A role he was sure he wasn't right for, but he gave it a shot all the same. Which led to the role that would bring him the success that had so long eluded him: "that of 'The Most Interesting Man in the World.' A memoir told through a series of adventures and the lessons he's learned and wants to pass on, *Stay Interesting* is a truly daring and bold tale, and a manifesto about taking chances, not giving up, making courageous choices, and living a truly adventurous, and always interesting life.

Customer Reviews

Jonathan Goldsmith grew up in the Bronx, trained in theater in New York City, then moved to Los Angeles. After decades in Hollywood and many adventures, he moved to a farm in Vermont, where he now lives with his wife and two dogs.

What a cool story. Some times it takes most of your life to find out what you were meant to do. A fun read.

Never give up'

Great read and very entertaining!

Loved this fast-paced, whirlwind of a read, that often made me chuckle, but was just as often spot on about many serious truisms of life. Thanks for sharing your story Jonathan.

A well told story of a life well lived. The circuitous path from adventurous boy to accomplished actor that gave rise to a performance that will last many lifetimes is a fun and often inspiring read. And, as in all things worth recalling, always interesting. Thank you, Mr. Goldsmith.

Jonathan Goldsmith really is the most interesting man in the world.

Good book but disappointed. Title would better be - my sexual conquests.

This is a fascinating recollection of Goldsmith's life. It's written in short two or three page segments. Those short chapters makes it easy to read it during free moments during the day or night. However, it's definitely a page turner and the reader won't want to stop. Goldsmith's life wasn't a cake walk. When he was five month's old, his model mother took him shopping and then abandoned him at the market. His childhood went down from there. This kind of life-experience makes for interesting experiences but isn't exactly what most people would want to endure. A very good, fast paced, almost unbelievable memoir.
