Customer Reviews

Don't know how many of the recipes I will actually use but I love all the write-ups about the show and the creative names the recipes have throughout the book.

This was a very acceptable buy in my opinion, I was a big fan of the show when it was on and still watch it with enthusiasm. Four stars only because I would have like to see a few more recipes from the show however I am very happy with the purchase.

The recipes in this book were inspired by certain episodes, and others are ones that appeared in episodes. It contains main courses, delicious snacks, drinks and desserts. The Reuben Wrap and the Bagel bar sound great and will be the first ones I try.

It's Ok.

great!

Very basic - didn't follow the show very well with just a few references to the show. If you want a cookbook based on a movie or book series try the Cat Who Cookbook. Some recipes are missing what to do with some of the ingredients. Needs a good editor

Charleston Chew Chocolate Biscuits? I was sold just on that. There are lots of great recipes in here, all of them insanely tempting, I'm gong to be coming back to this often!
