Vertical has done a wonderful job of bringing this book stateside... If you want a dark story that offers a different look at immortality-perhaps one close to what it might be like in the real world-then Ajin: Demi-Human is just what you're looking for. -Bentobyte

Gamon Sakurai is a Japanese comic book artist from Tokyo. Born in 1986, Sakurai was selected for the Afternoon Magazine Four Seasons Award for New Comic Artists. Upon being selected for the award his short story was published and he was selected for editorial review by manga publishing giant Kodansha. Sakurai would make his publishing debut with indie publisher Issuisha in 2010, releasing a short story anthology. He would then work with Kodansha to work on his first feature length series AJIN: Demi-human in 2012.

Ajin, is by far one of the best manga series I have read. The art is so good that it feels like I am reading a movie. The action is like a hollywood blockbuster, but better. The arc we are currently in in this volume is amazing to!
