Breaking Out Of The "Man Box": The Next Generation Of Manhood

Synopsis

An international TED Talk speaker, Tony Porter challenges manhood and male socialization, which he defines as the "man box." • Tony Porter works closely with the NFL, the NBA, the MLB, the US military, colleges, universities, and numerous other organizations to prevent violence against women and girls by promoting healthy, respectful manhood. Now, in *Breaking Out of the "Man Box"* • Porter's message is directed at all men. This book tackles the collective socialization of manhood and provides an in-depth look at the experiences of boys and men. In an effort to understand the many aspects of "what it means to be a man," • Porter suggests the topic is worthy of being rethought, challenged, and even redefined. This book will help men—fathers, husbands, brothers, coworkers, etc.—unpack and correct those realities. *Breaking Out of the "Man Box"* • boldly exposes the connection between male socialization and the quest to end violence against women and girls. Porter provides an honest and transformative experience, empowering men to create a world where men and boys are loving and respectful—and a human race where women and girls are valued and safe. On the heels of national movements and initiatives such as the NFL's NoMore.org, this book provides men with the knowledge and understanding to explore how to create that world.

Tony Porter is an educator, activist, and lecturer. He is the cofounder of the organization A Call to Men. He is both nationally and internationally recognized as a leading voice on male socialization, the intersection of masculinity and violence against women, and healthy, respectful manhood. Tony's TED Talk has been named by GQ Magazine as one of the Top 10 TED Talks Every Man Should See. •

I've been a facilitator for a batterers program for six years. This has given me great insight in to the foundations of male privilege, and how to better discuss the issue with batterers. I'm inspired, and want to get involved with A Call to Men. I'd like to start something in my community.

It was a perfect fit for the group I sponsor at Hutchinson Correctional Facility called Reaching Out From Within. Thank you so much.

I think it could have been said in 1 page no need for a whole book. I was veeey disappointed

Great book! I've heard Tony speak at a couple of "A Call to Men" workshops.

A must read for all men who want to make the world a better place! This is the book that I've been looking for. Women can say that patriarchy hurts men too and feminism is the tide that raises all ships, but until men are mentored by other men...the message falls on deaf ears. How do we thoroughly smash the patriarchy? By confronting the narrow definition of manhood that oppresses men and dehumanizes women. This short book has the power to open many eyes if it gets into the right hands. I hope it does.

As I raise my daughter this book brings to light several things that I myself was doing and was not aware. This is an important read for all men who care about the women in there lives and aspire to break out the "Man Box" and bNew ecome the man our women need.
