North Cascades Highway

Synopsis

The North Cascades Highway spans the northernmost part of the towering North Cascades Mountain Range. It was completed as an official scenic highway. This updated book is similar to the earlier edition published by The Mountaineers Books but is from a different publisher and has a new cover. Gold miners, dog sled operators, dam builders, tourists, western ranchers, the U.S. Forest Service, all have contributed to the colorful history.

Customer Reviews

JoAnn Roe is a prolific and entertaining writer of popular history and, for national and international magazines, of articles on diverse topics including travel. She is the recipient of the Pacific Northwest Booksellers Award and Governor's Award.

What a great little book! JoAnn Roe has done a great job of compiling and presenting the history and stories of this great corner of WA.

Had high hopes for this book, as I enjoyed the authors book about Stephens Pass. This book seemed rather disconnected.
