The Power Of The Ankh: How To Use The Ancient Symbol Of Life To Transform Your Wealth, Health And Destiny

Synopsis

Many cultures, throughout the world, have recognized that the symbol of the Ankh carries with it hidden and mysterious powers. From the Ancient Egyptians through to the 19th century mystics and 20th century hippies, the Ankh has been thought of as a powerful bringer of abundant life and good fortune. But what powers does the Ankh really hold? In 'The Power of the Ankh' Peter J Morris reveals the occult and spiritual secrets behind this cryptic symbol. He traces this enigmatic symbol through the cultural and spiritual beliefs of the ancient and modern worlds, before examining the scientific and psychic powers of this magickal glyph. In later chapters 'The Power of the Ankh' includes secrets on how the Ankh bridges the physical and spiritual planes and how this knowledge enables you to tap into powerful Universal energies. Finally, the author shares various exercises to charge your Ankh to use it to bring healing, increased wealth and abundance and generally boost the flow of good-fortune and well-being in your life. This includes use of the Ankh in meditation, visualization and dreamwork with advice on how to open up your Third Eye to connect to your Higher Self or Guardian Angel and unlock your soul destiny.

Intriguing and thought provoking. There is a growing realization that all systems of energy and religion come from a singular unifying source and this book puts focus on that and the inherent power of each individual. Many systems of energy work can cause harm to those who are not properly initiated... I tend to always augment practices to suit what feels natural to my personal experience with the energy in session and this is sometimes frowned upon. Ankh work provides a level of protection that is intrinsic to the practice. and as mentioned by the author I am drawn to this symbol for some time through various subculture movements. This book has added a layer of truth that I can now not unsee.

I thoroughly enjoyed this book, it enriched my understanding of the Ankh and its spiritual qualities. Especially, since I am a Qigong spiritualist and healer.

Does the Egyptian Ankh intrigue you? How about a cut-to-the-chase, get-to-the-heart-of-the-matter book about it? Peter J. Morris has written a concise, inspiring one about this age-old enigmatic symbol. Readers are treated to the personal connections that led to his treatise, the Ankh's essential history, the many layers of meaning it harbors, and how it can be used to enchant and improve life. I learned decades ago that the Egyptians wanted to make it clear that the masculine cross that supports the upper, feminine, ovoid circle, resting above it, is not to be separated at all costs. Peter's short, clear unveiling of the Ankh added gems of wisdom to my dusty collection. China's yin-yang symbol is striking but the Egyptian Ankh goes fathoms deeper. Find out why.
