# Explore Hong Kong: The Best Routes Around The City

## Synopsis

With its fabled urban landscape and vibrant Chinese culture, Hong Kong is one of the world's most exciting cities. Explore Hong Kong is part of a brand-new series and is the ideal pocket companion when discovering this iconic city: a full-color guide containing 18 easy-to-follow routes which lead you from the Peak, buzzing Lan Kwai Fong and Kowloon's markets to the beaches and mountains of Lantau and Hong Kong's New Territories, while excursions take you out to neighboring Shenzhen and Macau, which is famed for its casinos. Insight's trademark cultural coverage perfectly sets the routes in context, with introductions to Hong Kong's great food, amazing shopping opportunities, and historical significance. The best places to eat and drink are highlighted in each route and in the directory section, which also contains a wealth of useful practical information, including a range of carefully selected hotels to suit all budgets. All routes are plotted on the handy pull-out map, and evocative photography perfectly captures the essence of the city.

## Customer Reviews

Hong Kong continues to be a hugely popular destination, with international visitors up 8 percent year-on-year in 2013 (source: UNWTO); the brand-new, full-color Explore Hong Kong is the perfect companion to a visit, with 18 recommended routes around the city and the best excursions from it, including to Macau and Shenzhen.

Insight Guides wherever possible uses local experts who provide insider know-how and share their

love and knowledge of the destination.

One of the best books of the series that I have used. Quite a bit of good information and guided walks. I really like having the walking maps even if you don't fully stick to the mapped out tour, it does give you a good guideline of the hot areas and what is in those zones. My only gripe is the digital app doesn't work well or not at all. Having the book work well on a phone would make this get to 5 stars easily.

Love that it is simple to follow and clearly mark for to go to spots.

Covers all the major points!! Easy to follow maps and routes. Really improved my trip!
