Glove Save

Synopsis

Glove Save is a story about a 13 year old boy who is growing up in a small North Dakota town and loves to play the sport of hockey. Not just play hockey, but he loves to play in the net, and finds out quickly that it's not such an easy position to play. The story deals with him being raised by a single mom and receiving a helping hand from a mystery man at time when his confidence is at an all-time low. The main character, Robbie, is a team member and the goalie for the Wolf Pack and as his team heads into the playoffs, he's never really faced any adversity, until now.

Dan Dolan has a great story line for his first book as a new author. There are several life lessons included here: strength and love of family, the positive payoff of hard work with preparation, and the value and support of friendships to mention a few. Magical
