Customer Reviews

Nice book. Bilbao rocks.

Can't wait to go

Very useful book during our vacation in Spain

ok

Lot of information and small enough to take along on a bike which is what I'll be doing.

Tiny book, not worth buying. It barely has a few pages in each city.

As a pocket guide it was fine ... used more for a quick bit of information before travelling to San Sebastian. Seems to miss out Peine del Vento which is worth a visit for sure, but otherwise the general sightseeing stuff and info was OK. However, I used the map at the back for initial orientation and to work out a route to our hotel - only 5 minutes from the bus station (best route from Bilbao airport). Well we walked, and walked and I got completely disorientated and doubted my map skills - only to find out the following day that the bus station had moved some time ago and the map not updated. Elementary error and so quite disappointed.

Useful looking guide. Haven't taken the trip yet. Nice convenient size
