Where Do Diggers Sleep At Night?

Synopsis

Getting to dreamland has never been more fun with this board book version of the beloved construction bedtime tale. The bedtime rituals of these little diggers and dump trucks will be quite familiar to kids saying goodnight. Young readers will surely identify with little fire engines, tractors, and monster trucks as they ask for one more story while their mommy trucks tuck them in, and their daddy trucks sing a goodnight song. Children who can't get enough of trucks and other vehicles will love Brianna Caplan Sayres things-that-go...to sleep books, including companion titles *Where Do Steam Trains Sleep at Night*, and *Where Do Jet Planes Sleep at Night?*

Book Information

Lexile Measure: 0820 (What's this?)

Board book: 26 pages

Publisher: Random House Books for Young Readers; Brdbk edition (June 24, 2014)

Customer Reviews

"Sure to find an audience among small fans of big trucks." -Booklist"...Trucks can be big and noisy and moderately terrifying. Caught right, as here-- what's not to love?" -Kirkus Reviews"...a solid choice for any truck-obsessed preschooler... Fun, imaginative verse appears on every page." -School Library Journal"Taking you from the construction site to the farm to the monster truck arena and more, little ones will be ready to close their eyes by the time they've visited each truck." -Random Acts of Reading"This book is just plain adorable! ...The rhyming text compliments with words that are perfectly matched to

the individual machine." -- Youth Services Book Review"...a must have for every little one who is a big truck/construction truck lover!" --CMLD Kids/Teens Book Reviews"The pictures in this book are amazing and the rhyming phrases that accompany them make this a super cute story." --Kiss the Book (a book review site for school librarians)

BRIANNA CAPLAN SAYRES didn't know anything about trucks until her two-year-old son started to teach her everything about them. Now she and her husband put two boys to bed each night in a Seattle home filled with diggers, dump trucks, and fire engines. Brianna has followed the success of *Where Do Diggers Sleep at Night?* with *Where Do Steam Trains Sleep at Night?* and the forthcoming *Where Do Jet Planes Sleep at Night?* You can visit Brianna on the Web at briannacaplansayres.com and facebook.com/authorbrianna.

Fabulous book for bed time. It keeps my 3 year old's interest but the rhymes and the way the story flows is perfect to mellow him out. He gets really excited about pointing random things out in the illustrations while I read anything, which I love, but not so much at bed time because I'm trying to calm him. He pointed things out in this book at first, but when I said the first, "good night, truck, gooodnight" he fell into the rhythm and instead of going bonkers for anything but the words he was waiting for that line about each truck. And he said each one calmer and calmer following my suit. This is definitely going to be a nightly ritual.

Great artwork, cute rhyming phrases for each type of truck. I got this for my two year old son's birthday and he loves it. Definitely one of the better truck books we got. I especially love the last page where the truck is snuggled up with his blanky and teddy bear.

My 2yr. old grandson loves construction vehicles. He enjoys identifying the Daddy, Mommy and baby trucks; who is sleeping or awake. He comprehends most of the story, even the humor, of the Daddy Garbage Truck saying "Pee yew" to the baby garbage trucks diaper, but it doesn't seem to engage him 100%. Little pricey for size.

I think this book is so cute and clever. It's one of my favorites to read to my almost 2 yr old son and it's one of his favorites to listen to. He likes to find his corresponding toys to the different pages (digger, dump truck, fire truck, etc) while I'm reading. He verbally requests "digger sleep at night" every day!

My husband bought this book for my son a couple of Christmases ago and it is still a favorite. A very sweet story with cute illustrations. We purchased this board book version as a gift for my son's toddler cousin. My son is almost six and we still read this at least once a week.

My 2yo loves this, and he doesn't read many books yet.sThe writing is short and so it's age appropriate for a squirrely kid. The pictures are nice, they're all about different vehicles and they're cartoony so again age appropriate. One of my son's favorite books

Grandson has to have this read to him EVERY night. EVERY night....He really loves the daddy crane rocking baby crane....His mom coslept with him and now cosleeps with his baby brother so he sleeps with his little baby stuffie...his shark and his truck but not until he has been read numerous books and this one first!!...,,

Love the book, great bedtime story especially for little ones who love construction equipment. However, was a little disappointed in the condition of the book when it arrived. With it being a board book and not hardcover, the edges were bent possibly because it was packed too tight. Otherwise, love the book. If giving as a gift, suggest getting the hardcover.
