Customer Reviews

I bought this to just review some basic Spanish and it really does help out a lot. I am using Duolingo but that only shows so much and doesn't break the grammar down like a textbook does so this is a great addition.

Very nice text. Had a version 9 but instructor switched to 10 this past semester. Not too much different, but updated with more modern terms and current events.

Easy to read, easy to navigate, and very thorough. I'd actually recommend buying it rather than renting. I have to rent it again for Spanish 102.

great

Came on time as expected. Normal use scratches and dents, but not affecting pages and ability to read the book.

Ordered for other class members

The book is very good for the people who doesn't know anything about Spanish. very explanatory. The only deficiency is the CD. The practices in the CD should have been more.

This product does not come with the correct access code for wileyplus. The book is paper back and binder-ready. I suggest just buying the wileyplus access code from the wileyplus website. It is less stressful and a sure thing.
