State Of Panic: A Post-Apocalyptic Survival Thriller (Camp Zero Book 1)

Synopsis

"Fans of Alas Babylon and One Second After will enjoy this terrifyingly real, on the edge-of-your-seat, tale of survival and human courage."A nation in darkness. A community in danger. Everyone in a state of panic.After a U.S anti-missile system in Europe malfunctions and fires upon Germany, a deadly retaliation follows in the United States with a series of coordinated attacks. Millions are killed, the electrical grid is obliterated, and the country falls into darkness. As remaining survivors are thrust into a state of panic, officers from a wilderness correctional camp in Idaho and a group of troubled youth must fight to stay alive while trying to save family and community.Read all three books in the series:State of PanicState of ShockState of Decay

Customer Reviews

I have loved all of this guys work and it is the same for this one. Different story line..would never have thought of it. Very fast pace...hard to put down!

The 2nd book in this series showed an evolving writing talent of this author. I liked the 1st book, but the 2nd one -- this one -- was a very engaging and interesting read with the right amount of character development mixed with action. I would suggest the author drop the different characters speaking in the first person on different chapters -- was distracting and didn't add anything to the story. Still, despite that, I loved the book.

I really enjoyed the book but I wish it could have been a little longer. I like the idea of the skinheads trying to take over the country on their terms as opposed to islamist attacks and so forth like in other books of this type. Of course, I like those, too. Thumbs up!

I have read far too many dystopian future novels and State of Panic stands out as one of the best. The tragic scenario is both unique and terrifyingly realistic. The characters are fleshed out and I can't wait to see what happens to them in Book 2.

I have read other books by Jack Hunt and have really enjoyed them. The first book of this series started out a little slow but after a couple of chapters it took off. I'm in the middle of reading book 2 and have already purchased the third book. Great characters, nice twists. Makes you feel like you are right there. Very fast read!

First I love Lack Hunt books. Such well developed. Characters and storyline. I look forward to many more J. Hunt books. I have informed relatives and friends of this edge of your seat story. Thanks....

Not quite what I expected. I read a lot of post-apocalyptic books and this one was different than most I have read. Probably suited more for teens. This story covers the first few days after the "EMP" event and the struggle citizens have to keep control of their town.

I hesitated to get this book because I was afraid it would be another young adult book with lots of mush and everything turning up roses in the end. Boy was I wrong. I am about to get the next in this series and will probably continue reading this author's work.
