More Than The Tattooed Mormon

Synopsis

Al Fox Carraway has spent the last four years inspiring the world with her story of conversion, redemption, and finding faith. As a blogger, social media personality, and award-winning public speaker, her message has reached millions. This moving biography and up-close account of her life and membership in The Church of Jesus Christ of Latter-day Saints (sometimes called the "LDS" or "Mormon" church) will show you what it means to truly trust in the Lord. "Don't go, Al. You won't fit in." Being baptized and following the Lord has made Al's life harder than it ever was before. She endured criticism from friends and family for becoming a Mormon. She faced harsh judgments from Church members for her appearance. She gave up everything and felt more alone than she ever had in her life. All because she chose God. Now she shares an up-close look at how trusting God has led her to places she never expected. As a blogger, YouTuber, and award-winning public speaker, her message has reached millions. Sharing her love of the Savior, Al goes beyond her own conversion and encourages readers to choose God above anything else. This uplifting book inspires readers to build a true relationship with the Lord that will bring them real, lasting happiness.

Endorsements for *More than the Tattooed Mormon*

"Al Fox Carraway is a wonderfully fresh combination of energy, humor, and testimony. At first, you might think this book is all about Al. But the more you read, the more you will find personal motivation to keep going, to keep trying, and to stay close to the Lord through all of life's challenges." --John Bytheway, author of *How Do I Know If I Know?*

"Al shares her story with frankness and passion. She fills each chapter with memorable insights and true wisdom. But this book isn't really about Al. It is about God and you! It is about the transformation that is possible for all of us through the Atonement of Jesus Christ." --Brad Wilcox, professor at Brigham Young University, author of *The Continuous Atonement* and *The Continuous Conversion*

"Al takes you on one of the most faith-building journeys you'll ever experience. Al is real. Al is authentic. . . . Al's story will bring you closer to Christ." --Hank Smith, PhD, bestselling LDS author and speaker, BYU religion instructor

Customer Reviews

I've followed Al Carraway's blog for the past two years, and even though I've looked forward to every post and video, when she shared the news that she was writing a book I was a little worried... Would it just be a collection of her already published blog posts? Would it be something sterilized, something lacking her spirit and wisdom? For those who even remotely feel the same way, I promise this is not the case! Al has been able to write about her conversion and her faith from an even fresher perspective. She is able to share more personal details with the reader, which are used to help keep the spirit close as you read. Even more, the book is split into two parts: "my story" and "your story". In doing so, Al is able to teach by example and inspire us to do as she has done: live fearlessly by faith, never give up, and help build the Kingdom of God here on earth. This is a special story that I would share with my Young Women, my non-member family, and even my friends. You can tell that Al Carraway prayed for guidance during every step of writing his book, and I look forward to reading it again. -- - Jenna Mariel

I'm incredibly picky when it comes to my reading material. I can honestly say that not many religious books make the cut but I read Al's book in a matter of 2 days. I've been a member all my life dealing with my own problems and was incredibly touched with the words she had to say. I strongly recommend this book to anyone willing to apply what she has shared. If you're an active member this book is refreshing and will encourage you to do better and help others along your way. If you're struggling with anything, even attending church less than you should- this provides hope and reassures that you are not alone and that this gospel is worth so much. If you're not a member but just curious- read it and hopefully it will spark some interest in you to further seek out information about our church. Great Job Al and keep inspiring! -- - Morgan Vande Sande

This young woman has been tried inside and outside the church but has learned to remain true no matter where the criticism comes. This book reminds me of Tebow's book Shaken which I read not long ago. Both have found trials in their life that took them in directions that wouldn't have chosen on their own but with God's guidance have found treasures they didn't know about. An enjoyable read, expect plenty of religion written in the language of encouragement. -- -

Dallas Lauchner

Al Fox Carraway has been a popular blogger and award-winning public speaker for the past 3.5 years, and is most well known for the blog post, "The Tattooed Mormon." She has been on the cover of LDS Living Magazine and countless radio interviews, TV interviews and everything in between. She does social media and graphic design full time for The Mormon Channel at church headquarters.

I'm so glad I bought this book. I love it when a book lifts my spirits, makes me smile, makes me think, and simply makes me want to be a better person. This book does all of that and more. I don't know Al, but she is definitely someone I would love to know. What a great story and a great person!

I bought this for my wife so she could have her own copy. A friend had let her read her copy and she had to have her own. She loves the story of this remarkable young lady determined to survive the LDS culture shock found in SLC. FOUR THUMBS UP!!!

So far so good. I think i was expecting more of a self help, this is how i got to be who i am, instead it's more of a bio. Which is fine, just not what i was expecting.

All has charm, wit, and a sunny, honest nature. She shares her trials and the wisdom that came from them and gives ways that help me believe I can be sunny person, too, even while going through trials of my own.

I gave this as a Christmas gift for a recent convert and she read it in one sitting because she loved it so much. My friend then let me read the book and I couldn't put it down either. Al's story is not only motivational for members and non-members alike, but she is easily relatable.

This book was amazing! I would recommend it to anyone! I could not put it down and boy did I underline a few of her sections. I was changed as I read through her journey, trials and how she continued to look to God and do his will even when she didn't know why or sometimes how it was going to happen. She is truly an inspiration and when I grow up I want to be like her! (wink wink) I wish that I had felt the way she did at her young age...life would have been so much easier for me! I cannot say enough about her and what an amazing person she is! Thank you for writing such a

great book!

I bought this book for a special friend as our bishop had read it and shared with us about it. Then bought a Kindle edition to read myself. It is an incredible account of one young woman's conversion to the Church of Jesus Christ of Latter-Day Saint's faith. It shares of her sacrifices and trials as she embraces her new faith. Every Latter-Day Saint should read this book - particularly those who grew up in the Church and/or those who did not serve a mission. This account helps us understand the process many "converts" go through. A truly good and inspirational read!

Al is a breath of fresh air. She has gone through a lot and stays committed to the things she's found to be true. Thank you Al for sharing your testimony, faith and love of life!
