Double Teamed By The Bull Riders: Submitting To Two Dominant Gay Cowboys MMM Erotic Romance

Synopsis

Tod and Jackson are both bull riders, cowboys and alpha males in the very marrow of their being. Despite their passionate feelings for one another, their relationship has always been a constant struggle for dominance over the other as neither man can learn to give up his own dominance. When impressionable twenty-two year old Harper rents a room in their house, he can't resist his curiosity about their stormy, passionate, sometimes explosive relationship. Of course if he gets too curious, he might end up the target of both men's dominance... but maybe that was what he wanted all along. The more Harper learns about the two men, the harder he finds it to stay away, even when he discovers the dark past that has left them emotionally scarred. Will Harper be the submissive link between Tod and Jackson that their relationship was missing or will the intensity of their dominance be too much for him to take?

Customer Reviews

I did not expect the plot to be quite this entertaining. All of the characters have got something in their past that makes them behave the way they do now, and it's interesting as a reader to see them

work through any issues the past has created for them. And of course, we have super sizzzling sexy times, as well. For an added bonus, there is some funny dialogue and inner dialogue with these characters.

3.75 stars. The beginning was a bit rough but once I got to know and understand the characters a bit more the story took on a different feel. I became more invested and wanted more for them than what they had. I think the story ended a bit prematurely for my taste, but I was at least satisfied with a HFN ending. I left with the belief that much better things were going to emerge from the commitment these three had come to for one another. Adult read

Very hot. A bit fanciful, but damn sexy.

nice i absolutely love it i enjoy reading this story it's a power full story the characters are amazing i will recommend this book I'm going to continue reading the second story

Harper (?) sounded like a lost kid that will probably find a great girl at college and leave those two deranged, depressed souls. Jackson and Tod (Todd is spelled with two d's not one btw), need years of therapy and medication, because they are the most depressed and deplorable and defective and codependent people in the world. Hoppa tried to turn this extremely depressing and sick, twisted idea into a polyamorous romance, but failed miserably. It was about two mentally wounded, depressed bull riders who, by their deplorable acts, manage to corrupt a perfectly good boy. The guy Tod, tells a creepy, abusive tale of how he and Jackson met and for some unexplained reason, stayed together...Probably a sort of Stockholm syndrome. The bottom line is, the expected ending was that the house was going to burn to the ground with them in it. That's not what happened, but it definitely read like that was its intended consequence. It's a total pass.

I just recently began exploring this sub-genre and if you appreciate the M/M relationship and a good story line with flawed characters and real relationships, you will appreciate this author and this read. The author generally develops the characters very well - as in this book and the story contains interesting, likeable characters and a thrilling journey with HEA. There are some editing opportunities but not too distracting in the read.

I really enjoyed this story and if you are into M/M/M then do yourself a favor and read this one. I

couldn't put it down and will be reading more from this author, actually I just purchased another book, Tied Between Two Cowboys. It is not just about the sex, which is INCREDIBLY HOT but it also has a very touching, wonderfully loving love story. Do yourself a favor and pick up a copy! Bravo Stephen!! I am now a BIG fan!!!

I was surprised by the complexity of the story and characters although I was totally drawn in because of the trashy title and hot cover. XD Well worth the read for the hotness factor and it had a bunch of story/character points that really did it for me. Great story and I'll be checking out other books by this author.
