Customer Reviews

What an amazing, thrilling, suspenseful story. I'm glued to this series, the Steel family finding the mystery surrounding the family and who changed their lives so dramatically. Talon is trying to heal and find his way past the demons and give Jade who she deserves. The heat between the two is electric and the love healing. A definite must read.

This is quickly becoming an "obsession" of my own. The characters are so well developed and the story line just sucks you in! I can't wait to read the rest of the story to see if Talon gets the girl and if Jade can pull Talon from such a dark troubled past.

Excellent adults only book with a gripping story that had me immediately buying the next book in the series. Love the characters and intrigued by the conflicts. It is very explicit in everything, certainly not intended for the fair of heart and mind.

this is my first time reading this Author and I can honestly say it is amazing!! The storyline is intriguing and very sensual. Dealing with ptsd of any kind is heartbreaking! Finding love while doing that is a bonus. Of course we don't know the outcome of any situation we just have to have faith in ourselves and the ones we love!!!

As in the first book some of the language used I found too coarse, distasteful. That and some grammatical errors cause me to become aware of my surroundings again, rather than be totally engrossed in the story. Still a decent read. I'm hooked, and want to know what happens

I don't even know where to begin! Helen should be contacted for a miniseries with these books! I was hanging on for dear life as the story of the Steels & Jade continues to unfold! This series has it all! Love, sizzling sex, angst, mystery...etc. I could go on and on about this series and author but you've got to read it for yourself! Three only thing I'm sorry about is having to wait until September to FINISH! I'll have a breakdown before then! LOVE THIS!

Really liked the two I've read so far. They are horrifying, beautiful, and hopeful . Wonderfully written. It is getting expensive to read them. 7.00 bucks each read. So hopefully I can afford to keep reading them.

Just loved this series. Kept me wanting more! Can't wait for May 16th! I was always pulled in by the characters. Hardt does an amazing job with that. Love scenes could be a little redundant... but still loved it!
