Tangled Destinies

Synopsis

Passion and danger collide in a breathtaking story from New York Times bestselling author Diana Palmer. Saved from an abduction and unthinkable harm, Gabrielle Bennett owed her life to her rescuer. Marc Stephano, a stranger from the sketchy shadows of town, could've asked for money. Instead, he introduced her to desire and claimed her completely - then he broke her heart. Older, wiser and now a top New York model, Gabrielle is prepared for anything - except Marc's reemergence into her life. It's a merciless trick of fate. A successful, self-made millionaire, he's as powerful as ever. And he wants her. Forgive and forget don't apply when heartbreak is at stake. Yet the attraction between them refuses to back down. The choice is hers: hurt Marc in the name of revenge, or give in to love.

Customer Reviews

Reading a book by Diana Palmer is like comfort food for the soul. Marc and Gaby's story was an amazing adventure in true love. The misunderstandings, danger and mystery keep your heart pounding, while two people fight their feelings for each other even after so many years is true Diana Palmer genius! Absolutely loved it.

Another great book. She is a great author.

Couldn't stop. Excellent as always. Can't wait for next book. If she could only write as fast as I read

enjoyed

Diana Palmer does it again. This book was fabulous. The characters make you feel like one of the family. I can't wait for her next book. She is my favorite author.

What no Cowboys or Mercs? BUt a great read. First I kept looking at the front page to see the author, Then I settled in for a good read, Thank you!

Redone from an earlier book. I sure wish they would say when a book is just being reprinted. I love Palmer's work but I already own most of her books so buying a reprint, in addition to the book I already own, is annoying not to mention disappointing.

Old dated previously published novel...a waste of money and time to read scrap like this....the dialogue read like something from the forties....lame...I won't be wasting any more money and time on this author...
