So The Echo

Synopsis

So The Echo (Endophasia Publications, Hardcover, \$49.99), Brandon Boyd's third book visually weaves recent years of his creative life as he spent much time honing his craft, displaying his work and using his visual art as a tool for activism. Beautifully designed in 156 pages, the book reveals many new sketches with watercolor and other experimental techniques, as well as very personal photos and journal entries, most often written as observations while travelling the world with his band mates in Incubus. Upon the book's release Brandon hosted book signings and artist talks in several cities both nationally and internationally.

Customer Reviews

This little peek into the world of Brand Boyd is really thought-provoking. His drawings and musings are very interesting and anyone who is a fan of Incubus will surely enjoy getting to know Boyd a little more. Well worth the money.

Beautiful book - it's larger than I expected which makes pouring over Brandon's work even more enjoyable! - Superior quality as a gift book - beautifully bound and thoughtfully composed. Plus it

was a Christmas gift for my "artist" daughter - ordered a bit late, yet it arrived on time! Thank you!

I love seeing his painting and in that form of art from him. I also found him very relatable, as he does a very good job explaining his thought process in similar situations that I have found myself in. I only gave it 4 stars, because I was expecting more writing. Sorry Brandon (I rarely give anything 5 stars).

Brandon Boyd's book was extremely insightful and full of intricate works of art. He is an extremely talented musician, artist, and writer. Incubus is my favorite band for so many reasons. I highly recommend this book!

Every bit as awe inspiring and fan-freakin'-tastic as an art book can get! Well aside from Brandon Boyd being there creating more in it with every open of the book. :)
