Store Silver Guard Gold: How And Where To Store And Secure Your Gold And Silver From Thieves, Frivolous Lawsuits, Government Confiscation And A Zombie Apocalypse

Synopsis

Protect your precious metals! Want to know the best ways on how to store gold and silver at your home...including the most secure and affordable home safes? Do you want to know how to store silver and gold bullion using "onshore", highly secure and private vault storage? How about how to secretly and anonymously store your gold and silver bullion offshore, in a heavily armed guarded private vault storage facility in a foreign country where no one can touch it and no one will even know it exists? How about exactly where to store your gold and silver bullion? If you need to know how to store precious metals in the best possible and most secure way, this book is for you. Better than any other where or how to store gold and silver book on . Here's why.... Investing in or buying gold and silver bullion means you're going to have to secure and store your gold and silver so you may as well learn how to do it from a nationally recognized expert on gold and silver investing and the author of one best-selling books in the entire gold and silver industry called Stack Silver Get Gold. Store Silver Guard Gold is a straight to the point, no fluff or nonsense guide on how to store and secure your gold and silver bullion exactly like the author who has been buying gold, silver and precious metals for fifteen years. Hunter Riley III reveals the exact, 3 part plan he's developed over 15 years that he uses to store precious metals and keep his gold and silver bullion highly secure and out of reach from EVERYONE. Riley's unique 3 pronged plan includes: 1) How to hide, secure and store your gold and silver at home....including Hunter's favorite hiding spots, home safes and how to make sure no thief will ever even suspect you are hoarding a stack of precious metals. 2) Where and how to store your gold and silver bullion in an onshore, highly secure private vault. You'll learn the exact private vaults Hunter uses to store precious metals, why you should never ever use a bank for precious metal storage and how to be sure your gold and silver are protected in case the unthinkable happens. 3) How to set up offshore, anonymous precious metals storage so that no one, not lawyers, your exes or even the government will know you have a stack of gold and silver secretly stored and surrounded 24/7 by armed guards in a private vault in a foreign country. Hunter reveals his favorite country to store your gold and silver in and even the exact vault storage company he uses. If you want to know how to store gold and silver bullion or secure any precious metals, this is the book for you. At your home, in your country or even offshore, you will learn your best options. No other book on will give you this information.
