Customer Reviews

Christy was sent a telegram from her brother Joshua to come help with the care of their mother. On her way to Tombstone the stagecoach was held gun point being robbed. One of the thieves shot at the stage coach the bullet hit Christy's arm. Nevada was traveling to Tombstone the night before when he seen the thieves. They gave him a meal and offered for him to spend the night. A very good read of a western town and the problems that only God is able to help when lives get messed up. Love for each other helps in their forgiveness and gives hope.

Finding Love in Tombstone Arizona was, as is all of Miralee Ferrill's romances, a good, clean historical romance, as well as packed with historical facts.

I loved both Christy Grey and Nevada King. Miralee did an incredible job of developing and presenting these great characters. I thoroughly enjoyed meeting them and slowly learning about their personal backgrounds. It helped me see what shaped them into the people they are at the time of this story. The interest between them started to build slowly which is what I like to see in a book. It feels more natural to me that way. I was fascinated by the inclusion of some characters that I have actually heard about in history and many other books and movies set in the period and location. One other thing that I really enjoyed in this story was the focus on God's redemption. Both Christy and Nevada were encouraged to trust God by others in their lives. Sorrel Brigman did one of the best jobs of narrating that I have ever heard in an audio book. The variety of voices that she used for the different characters kept the book alive. I was totally entranced by her narration. I received a free copy of this wonderful audio book from the author. I chose to write this review expressing my personal opinion.

Miralee Ferrell takes the reader back to the wild, gunslinging Old West in Finding Love in Tombstone, Arizona. The fear produced by sudden shoot-outs and hold-ups, the dust, the saloon atmosphere, the hapless saloon women who were ostracized yet longing to be free of their lifestyle; all were very convincingly portrayed by Ms. Ferrell. I felt like I was experiencing the certain horrible excitement of proud gunslingers or the fear of a lady serving gamblers and card sharks who had too much drink and not enough common sense. The main characters, Christy and Nevada, are life-like,

attractive, but struggling with issues from their pasts of which they are ashamed. Can they learn such concepts as forgiveness, a love that is real, and trust in God, who seemingly ignored them when they needed Him most? The secondary characters, among them Joshua and Sarah, are as fully drawn and interesting as their main counterparts, and fulfill their parts of the story smoothly, aiding the reader's understanding of an 1880's mining town. A sweet, poignant romance with bits of sadness. Think of a beautiful parchment document edged by a wood-burning tool. So this beautiful story is enhanced and made more beautiful by the bits of sadness contained therein, as it all works together to produce a wonderful feel for the lifestyle of the Old West. Miralee Ferrell has done a masterful job in delivering this slice of western life, and you will not want to miss it!

Finding Love In Tombstone Arizona by Miralee Ferrell*****Christy Grey leaves her friends in Last Chance California on a stagecoach to Tombstone Arizona after she receives a telegram from her younger brother, Joshua, that their mother is gravely ill and he needs help caring for her. While on the road the stagecoach is robbed and Christy is shot in the arm. One of the bandits helps her wrap her arm and asks her to promise not to give a description of him to the sheriff if he helps her. Finally arriving in Tombstone she tries to locate her brother since she does not know where they are living and needs him to take her to their mother. And she needs to see the doctor to have him look at her arm. Nevada King runs into trouble on his way to Tombstone where he had hopes of starting a new life working his own ranch and possibly settling down with a wife. He meets up with the stagecoach just as it is being robbed by the men who allowed him to stay in their camp the night before. They force him to help them, however he doesn't want any parts of a robbery but helps a young woman who had been shot. While in Tombstone Nevada and Christy meet and realize that he was the man who had helped her on the stagecoach. But Nevada isn't sure she will keep her promise and not describe him to the sheriff. Their paths continue to cross and they develop an attraction to each other. But what can ever come of it? Christy's mother is running out of money fast and Christy searches for a decent job to no avail. What is going to happen to her mother, brother and her if she can't find a job soon? And what of Nevada, can she trust him? This was a delightful story of reconciliation, struggles, fears, grief, forgiveness, love and faith. Historical facts of Tombstone of 1880's is complete with saloons, gambling and Doc Holiday which are woven through this story along with fictitious but realistic characters.
