Dragon's Hope (Red Planet Dragons Of Tajss Book 4)

Synopsis

Before the generation ship crashed on this desert alien planet I was a Vagrant. Unplanned and unwanted, struggling to survive. Now we're on Tajss and if not for the natives, seven foot tall dragon-men with wings and tails and scales, we'd all be dead. My new friends are finding love and I couldn't be happier for them but I want to fit in, I want to have a place and a purpose. Strangely enough the only one who might understand is one of those scaled dragon-men. I wanted comfort and attention but it turns out 'one night stand' doesn't translate into Zmaj. He wants more and won't give up until he claims his treasure. Me.

I really enjoy this series. This one was even better since it went farther afield. I am not going to say what happened and give it all away other than to say that they do get together. You will just have to read this to find out the twists and turns. But what is up with the cover showing Astarot as a human man? Where are his wings and scales? What the heck. Anywho, get this series, it's worth it. Enjoy!

It took me a bit to get into the story but keep going this book moves the plot line along and Lana is a likable character so is Astaroth. You find out more about the newcomers and some surprises about the Zmaj

Can't wait to see what the next book is about hopefully the crazy human Cold Stone mess it up with the Dragon man I was like happy ever after's can't wait to see what the babies are

This book is great, The characters are well thought out, it's fast moving and has lots of action . . . these is a wonderful series.

Interesting series, with just enough drama to keep you questioning...Like when are you going to let a goooood accident happen to the bigot?

Another amazing book to add to the series. I definitely cannot wait for the next one I can't seem to get enough of these. You definitely do not want to miss out I suggest you one click now.

I am really disappointed in this book, well the story was okay. But it sure was not a book, maybe a novella. But I read this whole (book) in 3 hours. It's was okay but the first 2 books were fantastic, then then third one was okay but not near as good as the first 2. Then this one, it's sure wasn't worth the price I paid for it. I hope they go back to putting as much effort into future books as they did the first one, it was wonderful, I couldn't put it down. I don't know if I can make myself purchase another one or not after being so disappointed in this book.

I chose a 5 star rating because this is an excellent series. It is well written, has creative characters and is interesting to read too.
