Best Sellers Rank: #9 in Books > Literature & Fiction > Mythology & Folk Tales > Folklore #42 in Books > Audible Audiobooks > Children's Books > Animals #446 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

The whole Curious George series has been a favorite of my kids. From very early on, we started reading them to them, and the older they got, the more there was to learn and understand from the books and the pictures. Some reviewers have complained that these are not the original Curious George books or that the plot is very repetitive. While these are not the originals, my kids do not seem to mind, and I don't think they are "worse" than the originals, just slightly different if at all. The plot is repetitive but that is because George is always getting into trouble so you have the same pattern--he gets curious, he does something naughty, something bad happens, then something good comes out of the bad event, and then everyone is happy and George is usually a hero. This does not bother me in the least. My kids find his adventures interesting and never get bored with that "plot." To them, it is funny and what makes Curious George funny. Sure, if this was an adult book then the repetition might be problematic but thankfully it is not an adult book! The illustrations are nice and detailed and provide a lot of material for my kids to look at while I read the story to them. The quality of the pages is good and it's nice that there is sometimes stickers or a little activity in the back, though truthfully my kids have never cared for them much. I like that there are many of these books because my kids become familiar with George and the concept of series, and can distinguish one book in the series from another and even have favorites. I really don't think you can

go wrong with these books. I don't know many other kids that don't like these. They are a good investment!

Curious George is a classic! In this book, George gives directions on how to make a boat from newspapers!

I bought this for my new little nephew. I used to read Curious George books to my kids when they were little. It's a little longer than I remember, but the pages look great. Classic Curious George artwork.

This was my dad's favorite book as a kid so I wanted to get it for my daughter. Arrived fast and it was just what I was looking for :)

We primarily speak Spanish at home and my two year old loves hearing this and the other Spanish Jorge el curioso stories each night

This a great reproduction of a classic Curious George story just like you read as a kid. Same artwork, same story, same Curious George. The read along CD is easy to use and provides the option for your child to read the book by themselves when you aren't around. If you like Curious George or your children do snap this one up.

A favorite in our house. My son tells the story, in detail over and over as if it is really happening. Sometimes the newest books are not the best. Loved by several generations.

Kids approved, they like this book.
