Really like this coloring book as it has nice big things to color if you have big markers. You also will need smaller markers for some of the areas of the pages. It bleeds through a little so you just need to put something between pages or tear it out. I've enjoyed it so far.

I loved to color as a child and have just discovered the adult coloring books. I have ordered many books, but this and her *Happy Camping* are 2 of my favorites. They are bright and colorful and I like that she has included pictures of completed pages. Fun and relaxing. Pictures are on one side of the page so you don't have to worry about the bleed thru if you use markers. You won't be disappointed with this book!

I LOVE THIS BOOK! Actually, I love all Design Original coloring books. The drawings are not terribly detailed which makes it fun and relaxing. There is space to add your own doodles if you so desire. It's a nice break from the super detailed *Secret Garden* and *Enchanted Forest* books. HIGHLY recommend all things Design Original - but especially this one!

I'm addicted to coloring and this book soothes my hippie soul! Great pics and I love the quotes on the back of each page. I use colored pencils as well as markers and they both look great. If you are a hippie at heart you'll love the vibe from this book!

Peace and Love... what else can be said? Get out some crayons, paints or markers and doodle away. All the pretty colors. ;)

I was so excited to find this. I had books like this when I was younger. At 25 I still love to color haha! The designs are great!

I love, love, love this coloring book! Great designs, only a couple pages I probably won't use. I look forward to relaxing by coloring after work and on the weekends, and this book has bigger, simpler designs that are easy to fill in. I would recommend this book to anyone who loves peace signs and coloring.

So there is one major flaw about this particular coloring book - my 6 yo granddaughter and I both love it so much we fight over it. And SHE normally wins! So, um, if you could send us another one, yeahhh that would be great. LOL! But I do seriously hope I can find another one, maybe I can hide it from Mackenzie, lol.
