Book by Barbara Warner

Very informative book: well wrapped, arrived in a timely manner, no problems!

Super!

Lots of ideas for miniature house building, doors, windows, trim inside and out. Build your own doors and windows, great!

Great information for the beginning hobbieist

good resource

As a previous reviewer stated, I wish I had read this book before beginning my big dollhouse project. It is full of good practical advice, written clearly and with many wonderful illustrations. I will employ her suggestions in future projects.

This was a great book to give you a gameplan for completing your dollhouse. It tells you how to put together your dollhouse from buying to decorating. I wish I had read this before I started, but I'm

glad I picked it up before I finished. Very detailed!
