Customer Reviews

It is mostly web pages to click on. This will not help us when we are out site seeing. The maps are too small for anyone in my family to read. The kids have perfect vision, so it is not just my age. Regret buying this.

Bought this for an upcoming trip - great info, size, organization. Plan to study it, map things out and then take it along.

Always found the Michelin guides to be reliable and to the point. I actually keep the ones I used in the 80's when I worked in the hospitality industry since for certain aspects of touring the information is timeless.

was'nt what i was looking for.Very little information about Savannah

Loved this guide book. Used it on a recent trip to Charleston and Savannah and used it every day!

Compared to Fodors this was the best organized and most interesting guide to use

helpful--I used a combination of Michelin, Fodors & Charleston Walking Tour and found Fodors my favorite

This guide has everything.
