Customer Reviews

Has the love of your life asked to marry you? Have you any idea what to do between getting engaged and becoming married to one another? Look no further! Danielle Baker, an award-winning, ordained wedding officiant, writer, speaker, and relationship coach has written this clear, concise, guide to planning the wedding of your dreams, *The Wedding Lady's Guide to Weddings: A Wedding Expert's All-Inclusive Guide Including Bonus Wedding Planning Tools*. This book is an excellent resource and you will rely on it throughout your wedding journey – the most important life-event for a couple. Additionally, and uniquely, *The Wedding Lady* offers a service to assist you in writing a custom and personalized wedding ceremony for you and your future spouse. My husband and I are recent clients of *The Wedding Lady*. We are most pleased with the services offered and outlined in this resourceful book. Buy the book – it will give you peace of mind as you plan your special day!

I definitely needed this book. As someone who is embarking upon becoming a WEDDING PLANNER, I need all the help I can get. I read through it, and Baker really had some strong arguments and sound advice. I have a much better grasp of what I'm getting myself into now. I just wish I would have had this book at my fingertips when I actually planned my own wedding. It would have saved a lot of heartache and headaches.

This is a great resource for all the things you need to think about when it comes to planning your wedding. With the bullet point lists, FAQs, and hands-on knowledge that *The Wedding Lady* shares, your Perfect Day is surely to be much less stressful and that much more enjoyable!

You can find out more on Pinterest, The Knot, or WeddingWire in 10 minutes then the 30 it will take you to read this pamphlet. Throughout the book is "as stated by WeddingWire" or "according to The Knot", nothing original in here at all. Don't waste your time or money!! The old saying "You can't judge a book by it's cover", does not apply here. The horrible cartoon cover is very fitting for this horribly written guide that is an obvious attempt for the writer to claim authorship and an "expert" status. Her friends and family must have given her the high marks in kindness. I am not a friend or family, so this is the truth! The guide is a complete waste of time! If you are such a great officiant, then stick with what you know, and stop trying to be an "author" and talk about parts of the wedding

you obviously have no clue about.
