Chad Lewis is a paranormal investigator for Unexplained Research LLC, with a Master's Degree in Applied Psychology from the University of Wisconsin-Stout. Chad is a former State Director for the Mutual UFO Network and has worked with BLT Research on crop circle investigations. He is the organizer of the Unexplained Conferences and the host of The Unexplained paranormal radio talk show and television series. Chad's search for the paranormal has taken him to the far corners of the world. He has searched for UFOs at Area 51 in Nevada, the Loch Ness Monster in Scotland,

vampires in Transylvania, werewolves in Wisconsin, the Lough Rea sea serpent in Ireland, El Tata Duende in Belize, El Chupacabra in Costa Rica and Puerto Rico, ghosts in London, the Wendigo in Canada, and the Skunk Ape in Florida. Terry Fisk is also a paranormal investigator for Unexplained Research LLC and noted authority on death and the afterlife. He is a shamanic Buddhist practitioner and member of the Foundation for Shamanic Studies who studied Philosophy and Religion at the University of Wisconsin. Terry is the co-host of The Unexplained paranormal radio talk show and director for The Unexplained television series.

Confirms that creepy feeling you got in that spot. Other adventures abound and if you are stuck in Wisconsin, why not explore "the dark side" more? There must be a reason serial killers are bred here...

I've heard Chad on C2C many times and it was always so interesting, I finally bought a couple of his books and could not believe the disappointment. Seemed like almost every place he visits, he gives this history, and then.... nothing happens. Boring.

Quality! Service! Fast shipping! Thank you!

Interesting to read the local stories and/or legends. will have to plan a road trip to view some of these!

This was a gift. We have already started to check out some places. Very interesting.

Good book - good quality

This book was very helpful, as i went ghost hunting and most of the places that i went to where in the book, i was a little disappointed that some of the places that i read about on the internet where not listed. But all in all, i was pleased.

Interesting. Will visit some of the places this summer to see if we can see anything.
