Sticking Patterns: Book & CD

Synopsis

Patterns is one of the most comprehensive drum methods available. Covering a wide range of materials, the books can be used in any order, or in any combination with one another. They are a must for developing the kinds of skills necessary for drumset performance. In Sticking Patterns, Gary's unique approach to the use of stickings on the set is explored. Completely different from the rudiments, Gary's system is designed specifically for drumset performance, both for creating time feels as well as for filling and soloing. Also included are sections on accented single strokes, as well as the use of double strokes on the set.

Book Information

Series: Patterns

Paperback: 108 pages

Publisher: Alfred Music; Pap/Com edition (April 1, 1994)

Language: English

ISBN-10: 0769234763

ISBN-13: 978-0769234762

Product Dimensions: 0.5 x 8.8 x 11.8 inches

Average Customer Review: 4.8 out of 5 stars 12 customer reviews

Best Sellers Rank: #125,265 in Books (See Top 100 in Books) #51 in [Books > Arts & Photography > Music > Instruments > Percussion](#) #210 in [Books > Arts & Photography > Music > Theory, Composition & Performance > Techniques](#) #1025 in [Books > Arts & Photography > Music > Theory, Composition & Performance > Instruction & Study](#)

Customer Reviews

The pattern series of Gary Chaffe are the most complete and in depth material! If you're a drummer and you're interested in getting into the next level... go and get these!

Gary is a towering drum educator and his books are great. My teacher used to give me these as photocopies back in the 80s. Now I'm buying them and I love them as always. I learned from Dom Famularo that it's important to go THROUGH a book, for example practicing one page every day for a week, then move to the next, until you're done. This one lends itself very well to this approach.

Having trouble being creative behind the kit? Tired of being too repetitive n predictable? Then look

no further. This book works wonders and opens up a new world of possibilities and ideas. It truly is a great book for all levels.

Excellent drum book with a new slant on an old principle. This is a very helpful book to practice with.

Chaffee teaches the elements and lets you make the music. His stickings of singles/double combinations lead to traditional and innovative accents and super-imposed rhythmic patterns, which translate directly to his rhythm/meter, time-functioning, technique, and linear concepts. A basic food group for drummers.

Quite possibly the greatest book on drum set technique ever. Once you wrap your head around it and play the material in this book...food tastes better, everyone wants to date you, and the gigs just keep comin.

Great thank you

Excellent material in here for any drummer.
