# The Royal Wedding Of Prince William And Kate Middleton

## Synopsis

LIFE has covered all of the lavish royal weddings since even before Queen Elizabeth II wed in 1953, and of course the magazine documented in splendid, intimate detail the "wedding of the century," that of Prince Charles and Lady Diana, years later. Now LIFE celebrates the royal engagement of Prince William and Kate Middleton. This book includes intimate pictures of William and Kate as they grew to be the splendid adults they are today. The best photographs of royal weddings that have already been, including those of Charles and Diana, Grace Kelly and Rainier of Monaco, Fergie and Andrew, and many others. A detailed look at the Middletons and the Windsors-the latter,royal family dating back to Queen Victoria. Photography from Buckingham Palace insiders, includingpictures from Litchfield and Lord Snowdon. Note: As this book was published before the Royal Wedding, it does not contain photography from the wedding.

I'm in my early 50's and remember viewing the wedding of Princess Diana and Prince Charles with

my mom who has since passed away. I've watched Prince William grow and was thrilled to find this fantastic book that not only covers baby William with his Mom and Dad and through his growing years, but chronicles the Royals and also The Middletons. This book truly covers it all. I simply LOVE IT! Thank you for a wonderful price, too!!!!

I have said this to ya before. ANY thing (book/DVD) about William&Kate is worth a purchase. So WHAT if the book is given the above title & mainly talks about their lives & uses the engagement photo used on the DVD "A Royal Romance William & Kate" It just strives to show you how caring a person William is STOP judging books/DVDs on these people by the title & cover photographs That photo of them is VERY popular. It's been used in loads of newspapers, on loads of postcards, in magazines & many more products made on them

My Mom Said This Book Its Amazing

This book is good for before the wedding. I does not have the wedding itself just the engagement. I would recomend purchaseing the other Royal wedding life with the wedding on the cover. it is much much better and has the same stuff plus the wedding

loved it. this is the most popular couple in the world and a very nice couple to all folks. we are all waiting for this baby to be born and more family pics to be sent out.

I really enjoyed this book, it's definitely one to keep on the coffee table at home. It focuses on the couple before the wedding; their meeting, their relationship, and touches on their engagement.

My daughter loves England so I got her this book - she loves it and keeps it on display all the time.

I thought the book was good for pre-wedding information. I assumed there would have been more information about wedding preparations but that will call for another book!
