Customer Reviews

This book reads like it was written by an AI machine trained by people who learned English from a Latvian 10-year-old. It isn't just that it's full of grammatical errors; the sentences are often constructed in a way that no fluent English speaker would ever produce. I had to edit it on the fly

while reading it to my child, which made it painful.

I found this book difficult to read with the numerous grammatical errors. As I read aloud to my daughter, I often had to change words to make the sentence even make sense. It was a free book so I wasn't completely upset. I'm sure with a good editor this book would be much better.

Good

This is one of the best books I have ever read & I like ending A better even though ending B was good as well. I also like how they make you feel as Thumbelina feels. They also make divine ways to make the book exciting for kids just like me. B.B.E. e. o. v s. o. e t k. r
