I gave this as a gift for my elderly mother ,who loves to do crosswords. She could not do them . My sister tried them(and she is a college graduate) and said they are by no means easy

These are NOT easy Monday crosswords!!! I've worked my way up to some semi-difficult (still nowhere near the New York Times) puzzles but can't work these. Some of the clues can't be understood even after you know the answer! And there are at least a couple of these in almost every puzzle. There are also a lot of geography clues - tiny rivers in countries you might have heard of in geography class, but not since. If you like puzzles with very arcane clues, this book is for you!

This is the second Easy Monday Crosswords, I have purchased. I am not at all pleased with it. Many of the puzzle clues are about sports, movies, movie stars, etc., making it very difficult for me to solve. I don't like having to look up 8 to 10 answers to proceed with the puzzle. I am not at all pleased with this edition. The first Easy Monday Crosswords book was wonderful, and I loved it. I was looking forward to solving the second book of puzzles, but this one is more work than pleasure. I will not purchase another of these Peter Gordon books.

Grandmother (84) loves it. The pages are quite large and if you need to erase, quality paper. Many great puzzles with the answers at the back. For people who have not tried many of these, this is a great start (and #1).

I enjoy this and other 2 large print easy crossword books I purchased. Easy to read, easy to post.. A couple of errors in it. One of which cut off the bottom of the crossword, so could not finish it.

No way should this book be title "easy" or "monday" puzzle level. I bought this to get my senior citizen husband into crosswords, but it was a turn off, not a turn on. Too many references to movies, movie stars and TV programs and actors that most seniors don't know. I've been doing crossword puzzles for decades and there were too many puzzles I couldn't finish.

It was harder than I prefer but still fun
