Customer Reviews

Edyta Sitar credits inspiration, a love for fabric, a keen eye for color, and family heritage for her success in developing a thriving talent for designing quilts and quilting patterns. AS one of the leading designers for Moda Fabrics, Edyta's fabric collections and patterns are widely distributed throughout the world. Hometown Marshall, MI

This is one calendar you won't be throwing out at the end of the year! It's filled with wonderful projects and patterns for you to work on. You really can't beat the price considering how many truly beautiful projects you can potentially make with this calendar.

I order one of these calendars every year as Edyta is my idol. I can only aspire to be a part of the quilter that she is. She is so talented and puts her heart into everything she does which shows in any of her products.

I love her quilts so much that I had to get her book. Now if only I had the time to make ALL of them I

sure would be a happy quilter.

Purchased this late in 2012, well after local stores stopped carrying it. A beautiful calendar worth saving for the projects and photos.

Quilts and flowers --- somehow the two just go together. If you don't believe it, then look at a copy of Laundry Basket Quilts Calendar 2012. The photography is beautifully done. Last year's calendar has quilt patterns but if you want any of the ones in this calendar, you will have to buy the book. The space to keep track of the family happenings is large enough that you don't need a microscope to read your notes. The calendar is printed on a 12" x 12" space below the 12" x 12" photos showing the month with a miniature month before and month after calendar. This calendar will keep you organized.
