Customer Reviews

BA city broken down into 21 little maps, each 3 1/2" x 7". That's it. No street listings at the end to help with map selection. The complete single map of the city ("Table of Contents") is so tiny (2 3/4" x 5 1/2") it's almost impossible to select which of the tiny map you need. I guess if you're living in the city, the books might be useful, but most of these map books tend to be oversized rather than undersized. It's too bad there was no "Look inside" when I bought the book from As a tourist, this booklet is useless. A total waste of money for me.
