The Book Of Assistance

Synopsis

There are many books in English that present Sufi doctrine, but few that can be used as practical travel guides along the Path. Originally written in classical Arabic, this volume is in widespread use among Sufi teachers in Arabia, Indonesia, and East Africa; its devotions, prayers, and practical ethics are invaluable as a guide along the Sufi Way.

Imam 'Abdallah al-Haddad is widely believed to have been the spiritual "renewer" of the twelfth Islamic century. A direct descendant of the Prophet Mohammed, his sanctity and direct experience of God are clearly reflected in his writings, poetry, and books.

The Book of Assistance is a must read! If you want to truly get closer to GOD in an intimate way this book will help you. There are so many obstacles that hinder us from entering the Throne of GOD. To be worthy we must be clean spiritually. How do we do that? By removing the impediments that cause us to remain stagnant and foul. We humans tend to have an over-inflated opinion of ourselves especially when doing a self-evaluation. Now what do you think your grade would be at this very moment if the Lord of the Universe was scoring you? Again, this is a must read. The Book of Assistance will change your view of the heart and how to truly love GOD which means pleasing Him and showing gratitude in everything that we say and do. You'll want to share with others after you read it.
