Choly Knight has her finger on the pulse of what today's young crafters really want. Choly has been crafting for as long as she can remember, and has drawn, painted, sculpted, and taped everything in sight. A power-seller on Etsy.com, she is the author of six terrific craft books from Fox Chapel Publishing. Choly enjoys combining all her passions of writing, fine art, craft art, and design, as she provides techniques, tutorials, and excitement for her many readers and fans.

I love her books! If you have never done perler beads before then this is a good intro into them. Clear easy instructions and great pictures that help you see what to do. Simple projects and not all are "girly" so guys might appreciate them ( I'm not a guy but my husband thought some of the stuff was cool). Might find similar projects for free online but I think having this book is worth it. Check her website [www.cholyknight.com](http://www.cholyknight.com) to see other books and free projects.

awsome

Very kid friendly with a great variety of designs.

This book has cute patterns for perler projects! I really enjoy it!

If you have a pre-teen into perler beads this book is awesome for ideas. It shoes you how to make practical things, as well as silly fun things, like tissue holders, and hair accessories. Fun faun fun. My 10 year old loves this book and her perler beads.

IF you're into Perler beads you will enjoy the 50+ patterns included in this book; the patterns are mostly simple, but there are a few intermediate included as well. It also includes detailed instructions for beginners. Happy fusing! :-)

My 9 year old daughter really loves Perler beading. I gave her this book as a gift and she loves it. This book is full of fun and cute designs, even some 3D styles.

Great ideas that the kids loved. Be warned though that it's really just a magazine type publication and we got to the end too quickly.
