Average Customer Review: 4.6 out of 5 stars 98 customer reviews

Best Sellers Rank: #9,360 in Books (See Top 100 in Books) #1 in Books > Science & Math > Physics > Chaos Theory #10 in Books > Politics & Social Sciences > Politics & Government > Political Science > Constitutions #11 in Books > History > Historical Study & Educational Resources > Study & Teaching

Customer Reviews

Terry Jordan (Cleveland, Ohio) received a B.S. in Education from Taylor University and a master's in History from Cleveland State University. He has spent much of his life studying, interpreting and teaching students about the U.S. Constitution. Previously, he was the Constitution expert for the Cleveland Plain Dealer, the region's largest and most closely followed daily news publication.

A fine, inexpensive text of the founding documents of the United States. It also includes various little known facts, such as the history of the 27th Amendment, which delays laws affecting Congressional salary from taking effect until after the next election of representatives. This was proposed in 1789 as part of what is now known of the Bill of Rights, but not passed until 1995. Two hundred years! Yipes. Worth buying several copies of this book and giving them out to friends.

Much smaller than I expected! Required reading for my Criminal Justice class. A lot of information

packed into a tiny convenient shell. And you really can't go wrong with the price. I wish all of my books could be this light and cost friendly!

As we become more aware of our civil rights, it is most useful to have a pocket sized version of the Constitution on hand. This version includes several additional features concerning the evolution of Constitutional law, cases, and historic events. It is a great price for a priceless document.

I bought this one for myself before I discovered the 10-pack. (See that review) I'm glad I bought this one AND the 10-pack. I love it when a young person wants to learn about our country's continuing history. When a question arises, I usually have the answer in my pocket!

I've reordered again and again. These are not just enlightening and educational - which they are - but make terrific gifts at a great price. People love receiving these - lots of great insights and information in addition to laying out the Constitution. Everybody should have one of these, study it and understand it.

A very nice inexpensive book. Small and nice to carry around or take with you to appointments to read while you are waiting. Every American will be enlightened what and why America is a great nation.

The print is ridiculously small. I simply cannot read it.

Read through this and didn't see any errors.
