This is a well made product and is standing up nicely to my 4 year old and even when it gets into the hands of my 1 year old. It is so fun hearing my son play songs and sing. It is a good fit for him and easy to use and hold.

This book is no substitute for a teacher or class. My six year-old wasn't getting anywhere with this book, so we started her with a private instructor. Maybe older kids would have better luck.

Great book! Lots of songs. A few more finger illustrations would be helpful but it's great and easy to follow!

daughter did not use. Found better instructions on you tube

Very easy for my 12 year old to follow.

gift for my granddaughter. Sje liked it.

Nice song book for kids.

I feel the familiar songs, easy and simple diagrams in this primer for children will put them on a path for success in uke playing. Being a uke and guitar player, this is the book I decided on for my 7 yr-old niece for learning and enjoying her first musical instrument.
