This is a very readable and practical book. I have read other books that target organizational structuring for outreach, but this one is directed toward how to be effective in outreach personally.

Bill Hybels' *Contagious Christian* makes evangelism fun again. Hybels' book imparts an excitement that makes a believer want to share their faith. The DVD study works well in small groups and helps sharpen everyone's desire to communicate Christ.

We love this book so much my husband ordered the teaching so we can use this for a Bible Study/teaching in our church:-)

This is the new version of the best grass roots Christian Evangelism Training that exists. This is not a program, but a week by week study to bring along a student to learn the process of naturally sharing the gospel with others. It has illustrations and a weekly study. There is a teacher's guide and DVD study that go along with this. Two other very notable authors co-wrote this study.

This is a tremendous resource for someone who wants to be a true disciple of Jesus Christ. It not only gives you a process but also is full of examples of how to do it.

My pastor recommended this book. It's an easy read with every day verbiage, sometimes comical, but very helpful in evangelist ministries.

Very good and quite informative...will any Christian ease into sharing their faith.

This is one of the best book I had ever read, and the book really teach you about Contagious in the faith of Christianity.
